Made from a 100% Nitrile rubber compound, Niru® Versa Runner® is designed to withstand harsh chemicals, greases, oils, and animal fats while creating a slip resistant work surface. Slotted perforations allow for drainage and a scraper-rib design runs side-to-side on the mat for added traction. Its low profile allows carts to roll over the mat with ease. Niru® Versa Runner® is perfect for wet or dry applications that require traction and drainage in a continuous mat.

Test	Test Description	*Results
ASTM D-624	Tear Strength	Die C - Min. 150 lbs/sq. in.
ASTM D-3884	Abrasion Resistance (Measured in weight loss)	@ 1,000 cycles - 1.21%
ASTM C-1028	Static Coefficient of Friction	Wet - 0.64 Dry - 0.79
ASTM D-2240	Durometer / Hardness	Shore A - 68
CPSC FF 1-70 ASTM D-2859	Surface Flammability of Carpets and Rugs Ignition Characteristics - Finished Textile Floor Covering Material	Pass
ASTM D-1171	Method A Ozone	No physical or appearance change

*All testing of NoTrax® floor matting has been performed by an independent testing laboratory.

Food Processing

- Made from a durable grease-proof 100% nitrile rubber compound
- Slotted perforations for drainage
- Overall thickness: 3/8"
- Ribbed underside adds anti-fatigue value and channels liquid away from the mat
- Manufactured with MicroStop™ anti-microbial rubber compound that inhibits growth of bacteria and fungi
- Roll Sizes: 2' x 60', 3' x 60', 4' x 60'
- Custom Sizes: In 2', 3', and 4' widths (up to 60')
